DOBBES

REALLY GOOD WINE MADE IN OREGON

Our 2018 Wine By Joe Pinot Noir showcases dark-fruited aromas of black plum and candied cherry with whispers of warm spice and forest floor providing intriguing complexity. Medium-high acidity is matched with a similar tannin level that presents as smooth yet weighty on the palate. Flavors mirror the aroma with added notes of cocoa powder and cigar box. At once brooding and approachable, this wine is the perfect match for a classic swiss mushroom burger or steak and baked potatoes.

The 2018 Willamette Valley growing season began with bud break in mid-April, reminiscent of our 2017 harvest. Good conditions for bloom in mid-June provided a healthy fruit set. The summer was warm and dry, which created ideal growing conditions. September was a combination of warm and cool streaks with occasional rain that continued into October. The cooler conditions slowed ripening, ensuring grapes with excellent maturity and slightly higher than average acid levels.
