

REALLY GOOD WINE MADE IN OREGON

*A zippy and refreshing Rosé that celebrates Oregon's favorite varietal, Pinot Noir!
This pink wine is delicious year-round with its delicate yet dry characteristics.*

Every growing season in the Willamette Valley presents us with a unique and thought-provoking array of challenges. For 2022, frost in late spring had us wondering about lower yields. Thankfully, when the sun came out, it stayed; boosting yields and ripening our fruit over a record-breaking dry summer. Our team truly came together for this harvest creating exciting wines to look forward to.

Our 2022 Rosé of Pinot Noir showcases a pretty salmon color with bright fruit aromas of golden raspberry, candied cherry, and pink grapefruit. This light body entry transitions to juicy fruit notes of honey crisp apple and citrus zest for ample acidity. The medium-long finish will make you want to enjoy this rosé all day!
