

Wine By Joe

REALLY GOOD WINE MADE IN OREGON

Snap. Crack. Twist. Pour. Wine By Joe highlights the spirit of Oregon with easy, unpretentious beauty and a little bit of Northwestern charm. Smooth, well balanced, and structured, this Pinot Noir has bramble on the nose like a Pacific Northwest hike; salinity on the palate like a day at Cannon Beach; dark fruit compote like a slice of cherry pie, crust and all.

It's the 2021 growing season and everything is vine and dandy. A Goldilocks vintage: not too hot, not too cold, just right. With a heat dome over the Pacific Northwest across the valley in the summer, broken by a cooling in October, this was a vintage that made this wine guy smile. The wide swings in weather conditions lead to limited yields, and fruit that produced playful red and punchy white wines.
